PREFACE

THIS supplement is compiled direct from the Government Records at Regina. While the greatest possible care has been taken to ensure accuracy, it is quite possible, where so many thousand brands are involved, that mistakes have occurred. Where such are found, the publishers will be glad to have them pointed out for correction in next year's supplement. It must be borne in mind, however, that a brand cannot be altered in the body of the Brand Book unless it is first changed on the records at Regina. Brands in the ranch cards may, of course, be changed to suit the owners, irrespective of the Government Records.
